

CROSS-CUT SECTION
OF ARCOPLAST TR-35 RAIL

ARCO ZAP ACRYLIC SPRAY FOR ALL END CUTS -
THIS WILL PREVENT MIGRATION OF MOISTURE, CONTAMINANTS, ETC.
ENSURE THE ENDS ARE WELL CLEANED OF ANY DUST PRIOR TO THE
CLEAR, ACRYLIC SPRAY.

WHERE TO APPLY ARCOZAP

Arcozap

Arcozap is an acrylic spray that provides a corrosion resistant coating when applied to fiberglass, metal, wood, concrete, plastics and painted surfaces. Arcozap is supplied in a 12 oz. can and is recommended to be used as a sealant for Arcostrut polyester and vinyl ester materials after cutting or drilling. Arcozap is the quickest, most convenient method for sealing after fabrication.
